📍 Ariana, Tunisia

EXPERIENCE

Network Security Intern *SFM Technologies | Feb 2024*

- Deployed Zabbix monitoring on Cisco multi-VLAN infrastructure using SNMP.
- Created dashboards and automated alerts to improve network visibility.

Telecommunications Intern *Tunisie Telecom | Feb 2023*

- Installed and configured telecom and enterprise network systems.
- Supported network deployment and optimization projects.

PROJECTS

Automated Server Hardening (Ansible) *Oct 2025 – Present*

- Automated CIS compliance for Rocky and Ubuntu servers using Ansible, reducing manual effort by 80%.
- Integrated monitoring dashboard for real-time audit tracking.

SMS Security Analyzer (Flask & ML) *Mar 2025*

- Built web app with 95% spam detection accuracy using ML classifiers.
- Implemented REST API and responsive interface.

TaskFlow – Productivity App *Jan – Apr 2025*

- Developed Flutter/Node.js app with JWT authentication.
- Created REST APIs and MongoDB database for secure storage.

Enterprise Network Infrastructure *Dec 2024*

- Designed multi-VLAN network with ACLs and firewall segmentation.
- Implemented DHCP snooping and port security to prevent spoofing.

Web App Security Assessment *Nov 2024*

- Performed penetration testing on OWASP Juice Shop and DVWA.
- Identified SQLi, XSS, and CSRF vulnerabilities using Burp Suite and Metasploit.

PROFILE

Final-year Telecommunications Bachelor's student specializing in offensive security and penetration testing. Passionate about identifying and mitigating vulnerabilities in web and network systems. Skilled in AI, full-stack development, and secure architecture design.

TECHNICAL SKILLS

Programming: Python, Java, C++, C, SQL, MATLAB, Dart, Linux/Bash

Web/Mobile: Flutter, Node.js, HTML5, CSS3

Pentesting: SQLi, XSS, CSRF, SSRF, OWASP, PTES

Tools: Burp Suite, Metasploit, Nmap, Wireshark, pfSense, Zabbix, Ansible, Cisco PT

Databases: MongoDB, MySQL, PostgreSQL

AI: TensorFlow, ML

EDUCATION

ISETCOM – Tunis

Bachelor in Telecommunications Engineering
2023 – July 2026 (Expected)

Manzel Jmil Secondary School

Baccalaureate in Computer Science (2018–2022)

CERTIFICATIONS

CCNA (Cisco Certified Network Associate)
Cisco Networking Academy – CCNA 1, 2, 3

LANGUAGES

Arabic (Native)

French (Fluent)

English (Professional)
