ABOUT ME

A Business Computing student specializing in Business Intelligence at Esprit School of Business, I am currently preparing for my end-of-studies internship. Passionate about data analysis and decision-making solutions, I am eager to apply my academic knowledge within a dynamic company.

Diligent, curious, and a strong team player, I aim to contribute to the development of innovative projects while strengthening my technical and professional skills.

EDUCATION

- Licence in Business Computing – Specialization in Business Intelligence | 09/2023 – Present
Esprit School of Business, Ariana, Tunis
- Baccalaureate Diploma in Experimental Sciences | 06/2023
